General Practitioner and PhD student. Research topics include methodological aspects when evaluating benefits and harms of screening, informed choice, overdiagnosis/too much medicine and evidence-based medicine.

EDUCATION

2012 – present	PhD student University of Gothenburg
2017	Medical statistics II University of Gothenburg (5 credits)
2016	Medical statistics I University of Gothenburg (5 credits)
2015	How to practice evidence-based health care Norwegian Institute of Public Health (1.5 credits)
2014	Scientific communication National Research School for General Practice (4.5 credits)
2002 – 2007	School of Medicine University of Umeå

PROFESSIONAL EXPERIENCE

2017 – present	General Practitioner Herrestad HCC, Region Västra Götaland
2010 – 2017	Resident Physician Herrestad HCC, Region Västra Götaland
2008 – 2010	Medical Intern NU hospital group, Region Västra Götaland
1999 – 2002	Care Assistant Karlskrona Municipality, Blekinge

TEACHING

2014 – present	Evidence-based medicine , 12 h, Research Methodology in Primary Care (SM00016), PhD course, University of Gothenburg
2016 – present	Evidence-based medicine , 9 h, Introduction to research for resident physicians, FoUU centre Fyrbodal, Region Västra Götaland
2016	Evaluation of screening programmes , 2 h, Screening and Prevention in Primary Health Care (43VT11), PhD course, University of Gothenburg

OTHER

2017 – present	Member of the Junior Research Committee , Preventing Overdiagnosis conference
2017 – present	Chair of the Council for Sustainable Medicine , the Swedish College of General Practice
2015 – 2017	Peer-review for The Lancet , four papers

CONFERENCES

- 2017 **Cochrane Colloquium**, Cape Town, South Africa
Poster "Including non-randomised studies or letting them go unchallenged?"
The Guideline Challenge, Oxford, United Kingdom
Oral presentation "Informed choice – bringing values into guidelines or fake fix?"
Preventing Overdiagnosis, Quebec, Canada
Oral presentation "Screening for malignant melanoma – a Cochrane review"
Nordic Congress for General Practice, Reykjavik, Iceland
Workshop "Guidelines - should GPs take the lead?" (pre-congress)
Workshop "Overdiagnosis – challenges and opportunities in Sweden"
Workshop "Guidelines – improving medicine or hiding uncertainty?"
- 2016 **WONCA Europe**, Copenhagen, Denmark
Symposium "Informed choice – in whose favour?"
Symposium "Harms of screening for life-threatening diseases"
Preventing Overdiagnosis, Barcelona, Spain
Oral presentation "Informed choice in a time of too much medicine"
Oral presentation "Methodological challenges when estimating overdiagnosis in screening for abdominal aortic aneurysm when incidence is falling"
- 2015 **Nordic Congress for General Practice**, Gothenburg, Sweden
Symposium "The healthy individual in preventive medicine"
- 2013 **Preventing Overdiagnosis**, Boston, USA
Symposium "Assessing the harms of screening"
Nordic Congress for General Practice, Tampere, Finland
Symposium "Benefits and harms of screening"
